Course to be conducted in the Language Laboratory

Name of the College:

College of Fisheries, Central Agricultural University (Imphal), Lembucherra, Tripura

Title of the course	French for beginners
Why join the course	French is a world language and more than 220 million people speak French on the five continents. French is the second most widely learned foreign language after English, and the sixth most widely spoken language in the world. French is also the only language, alongside English, that is taught in every country in the world. It is a language for the job market and the ability to speak French and English is an advantage on the international job market. Speaking French opens up study opportunities at renowned French universities and business schools, ranked among the top higher education institutions in Europe and the world. French is both a working language and an official language of the United Nations, the European Union, UNESCO, NATO, the International Olympic Committee, the International Red Cross and international courts.
